CONTENT CREATOR'S BROCHURE

WHAT IS SF6iX

Selfiesfromthe6ix is Toronto's first-ever selfie museum, providing a unique space for content creator, photographers, videographers and individuals to capture stunning photos and videos.

WHAT WE OFER

◇ CONTENT CREATION:

This category of service is especially for the content creators and influencers

At our space you can create amazing content for your brands, your followers, your target audience, or even just for fun to share with family and friends.

You can do this privately within our facility by booking the entire space just for you, your group or your team to deliver specific content and material in an atmosphere where you can laser focus on the objective and deliverable at hand, or you can also do it using a general admission booking and share the space with other groups and individuals while you capture, create and curate.
